The cover is subject to an aggregate limit of AUD\$5m (\$2m for non-scheduled flights) for all claims for all insured persons during the policy period. (Please note this is a summary only, all claims will be subject to the full policy wording, terms and conditions).

This cover is for all members and invited guests of Pathfinder Clubs in Australia provided all Pathfinder Clubs in a conference agree to participate in this insurance program.

Pathfinders are insured against accidental injury, while participating in or journeying to or from an authorised Pathfinder activity.

Cover **excludes** driving or riding in any kind of race.

**IMPORTANT** - Under the Medicare Act it is illegal for Insurance Companies to cover those medical items that would or should have been covered by Medicare. This means Insurers cannot cover Medicare payments or Medicare gaps in payments, e.g. a doctor charges \$100 for their service and the Medicare scheduled fee is \$75. This would leave a \$25 gap which is not covered by this policy. NB: All medical costs must be recovered from all available sources, e.g. Medicare or private health fund before any claim can be made on this policy.

\*Includes:  
a. Includes reasonable and necessary out of pocket expenses directly attributable to the injury and ambulance costs and reasonable out of pocket travelling or personal expenses necessarily incurred for attendance at a hospital or place of treatment.  
b. Non-refundable medical expenses provided the person does not receive full or part payment under Medicare or any other Government funded Medical system or a private health fund. Medical expenses means expenses occurring within 24 calendar months of sustaining an injury paid by an insured person to a duly qualified medical practitioner, physician, surgeon, chiropractors, acupuncturists, qualified professional alternate therapists, nurse, hospital and ambulance service for medical, surgical, X-ray, hospital or nursing treatment including the cost of medical supplies and ambulance hire but excluding the cost of dental treatment unless such treatment is necessarily incurred to teeth other than dentures and is caused by injury.
